

CORRECT CONNECTION POINT

The Company will not install an electrical facility over a pool, building, shed, or deck.

Right of way for power line shall be on customer's land or customer shall get right of way from property owner.

CAUTION :
Connection points, when such obstructions interfere with an overhead service, may need to be moved or converted to underground (if possible), at the customers expense.

| TABLE |  |
| :---: | :---: |
| Distance  <br> Amps Length <br> 100 $100^{\prime}$ <br> 200 $75^{\prime}$ <br> 320 $40^{\prime}$ |  |

## CALL 811 TWO BUSINESS DAYS

 BEFORE YOU DIGIn locations with underground facilities, the Customer shall notify One Call and shall have One Call locate all underground facilities before digging. It shall be the responsibility of the Customer to stay clear of all underground facilities.

## Notes:

1. NEVER build structures under or over existing electrical lines or facilities. Check with the Company for clearances.
2. Contact Company for clearances prior to pool construction.
3. See Section 9.4 for meter location. Connection point shall be pre-approved by the Company.
4. See TABLE for maximum recommended service lengths. Longer lengths than those in the table may require the Company to install an additional pole. This may involve additional cost (typically $\$ 1500$ or more), to the customer.
5. The Customer is responsible for clearing and maintaining all right of way
