Save up to \$750 on select ENERGY STAR[®] certified heat pump water heaters.

Residential Appliances Program
entergysolutionsms.com/appliances

Choose an ENERGY STAR certified heat pump water heater to save energy and money.

Water heaters are the second-highest source of energy usage in a home. ENERGY STAR heat pump water heaters can save a typical household up to \$330 per year on your Entergy bill compared to a standard electric water heater. Larger families can save even more.* While an ENERGY STAR model may cost more upfront, the energy savings will pay back the difference in about three years. Don't wait for your aging electric water heater to fail; replace it with an ENERGY STAR model and start enjoying the savings right away. Save even more with up to a \$750 incentive from Entergy Mississippi.

Other Ways to Save

Entergy Mississippi residential electric customers also are eligible to receive incentives on these other energy-efficient appliances:

- Select ENERGY STAR certified refrigerators.
- Select ENERGY STAR certified clothes washers.
- Select ENERGY STAR certified clothes dryers.
- Select advanced smart thermostats.
- Select ENERGY STAR certified room air conditioners.
- Select ENERGY STAR certified dehumidifiers.
- Select ENERGY STAR certified pool pumps.

Get up to a \$750 incentive from Entergy Mississippi when you purchase an ENERGY STAR certified heat pump water heater.

Terms and Conditions

- This incentive offer of up to \$750 is valid for Entergy Mississippi residential customers on ENERGY STAR certified heat pump water heaters.
- Incentive offer is valid on select heat pump water heaters, while funds are available.
- Eligible appliance must be new. Refurbished units are not eligible for an incentive.
- Customers are limited to two incentives per Entergy Mississippi residential account, while funds are available.
- Incentive application must be postmarked no later than 30 days from date of purchase.
- Incentive application must be accompanied by proof of purchase, including a copy of the dated sales receipt or invoice with model number.
- The incentive paid will not exceed the purchase price of the appliance. Customer is responsible for all applicable taxes.
- Details, such as incentive amounts and eligible appliances, are subject to change at any time. Visit energysolutionsms.com/appliances for the most current list of eligible appliances and models to ensure the product you are purchasing is eligible for an incentive.
